WELCOME TO THE HOME OF 2BIT QUARTER HORSES

2 Bit Quarter Horses is located in Jordan, Minnesota just south of the Twin Cities metro area.

We are easy to find just off U.S. Hwy 169 and south of the OK Corral restaurant.

We have approximately 50 head of horses ranging from broodmares to good broke young stock. We stand two stallions that are offered to the public. POCO SAN STRIPE a 1996 dun and HIGH BROW JONES a 1997 grulla. Our Stallions are registered with multiple associations including AQHA, IBHA, FQHR & APHA listed. We strive to breed a high quality useable horse for the professional or hobbyist. Disposition, confirmation, and athletic ability all play an equal part in our program. Our stallions and there offspring are shown in multiple events with success to prove their versatility, Classes include: halter, cutting, reining, working cow horse, barrels, poles, western & english rail & trail classes. We take great pride in researching pedigrees that we feel cross well to make a great all around horse with an emphasis on cattle ability.

Some of those bloodlines include: Dual Pep, Poco Bueno, Doc O Lena, Mr San Peppy, Son O Sugar, Freckles Playboy, High Brow Cat, Doc's Oak & High Brow Hickory, just to name a few.

Our stallion's bookings are limited and offered to approved mares only. Applications are welcomed.

We currently have several good quality riding/show horses for sale out of our sires.

At 2 Bit Quarter Horses, we offer educational clinics through out the summer. We have several clinicians' that we work with covering many different topics. Basis riding, showing techniques for rail classes, respect from the ground up and the most FUN are the cattle classes. Our clinics are very laid back and a great way to meet new people, try new things and learn something to boot!

Check back often to see our calendar of events.

Drop us a line to see what we have for you.

Visitors welcome by appointment.

2BIT GALLERY

Thanks again to Tom Kraft on the work he did for the railing of our observation area & driveway sign.

It really gave us the finishing touch we had hoped for.

Need some Metal work done? Contact Tom Kraft - Ask him about his cool fire rings.
